

Backpack Shopping List

ALL SIZES ARE SMALL

Thank you for shopping! For just about every survivor we transport, the clothes and items that you will be purchasing today will be the very first new clothes and new items that these survivors have had in quite a while. We deeply appreciate the time, and the care and expense that you've put into selecting these items. Please only get the items that are on this sheet. These have been selected through our experience. These are the best items for each person. You don't have to get the exact item as the picture, just get it close if you can't find the exact one. Please do not purchase anything extra and do not purchase any make up or cosmetics. Target is the best place because everything that is on this list was taken from their online catalogue.
